(1) Not all available products are listed. Please contact us if you do not see the product(s) you are looking for.

(2) This chart is to be used as a reference source only as it reflects what might be considered 'Functional Equivalents' based solely on physical properties and structure. All "Equivalents" should be determined by the design engineer.

(3) All competitive information previously published on each manufacturer's website and/or the Geosynthetics Specifier's Guide 2011 and may change without notice.
